NATIONAL SAFETY NEWS

Index to Vol. 89 January-June, 1964

An Author-subject index
Compiled by the Library of the National Safety Council

ABSENTEEISM
Question some measures of absence (What's new in research). April, 41, 61.

ACCIDENT RECORDS
How to produce an "award of honor day." June, 74.
Injury-free work wins scholarships. April, 37, 85.

ACCIDENT STATISTICS
Accident barometer. Jan., 10; Feb., 56.
The dollar cost of injuries? (Schlueter). May, 29-31, 81.
NSC industrial section contest winners. May, 86-95.
1963 accident report. March, 46.
Survey studies impairments over two-year period (What's new in research). April, 41, 61.

ADVERTISING
GM salutes its safety men. April, 27.

AERONAUTICS
Assessing the hazards of aircraft fueling (What's new in research). May, 74-75.
Three-year extension of $75 million-a-year airport construction program signed into law (Wire from Washington). May, 32, 80.

AEROSOL DISPENSERS
Spray can puncture hazard minimized (Ideas that worked). June, 41.

AIR POLLUTION
Congress passed amended HR 6518 to augment federal air pollution control program (Wire from Washington). Jan., 80.

ALCOHOLISM
Laundering industry airs report on alcoholism (Voice of the reader). May, 10.
You're buying the drinks (Mann). Feb., 18-20, 22, 24, 85-87.

Andrews, Bill
Diary of a safety engineer (fiction). Jan., 29-30; Feb., none; Mar., 28, 30, 32; April, 19-20; May, 35, 76-77; June, none.

Arns, Dorothy
How to use stamps as an incentive. April, 34-36, 76-77.

ASSOCIATIONS
Safety product data and references: sources of help for safety men. March, 311-328.

ASSOCIATIONS, specific
American Industrial Hygiene Association--Your industrial hygiene program, a money-saving morale builder. Jan., 20, 22-25.
American Society of Safety Engineers--Society airs views on Walsh Healey. June, 65.
Atomic Energy Commission--AEC and contractor employees had safest year in 1963. May, 96.
--Conference--changes in instrument inspection interval; in regulatory program including creation of new Division of Safety Standards (Wire from Washington). May, 33.
--Record of 20 years of operation of reactors (Wire from Washington). Jan., 81.
--$31.5 million approved for AEC (Wire from Washington). June, 37.
International Occupational Safety Health Information Center (Centre International de Securité)--World's safety literature at a glance. May, 57-58.
International Organization of Masters, Mates and Pilots--Campaign launched to make tankers and other U.S.-flag merchant ships safer (Wire from Washington). Jan., 85.
Medic-Alert Foundation--Know this symbol (Emergency medical identification). Jan., 27-28.
National Association of Fire Equipment Distributors--Fire equipment distributor associationformed at 1963 Congress. Feb., 6.
National Association of Manufacturers--NAM forms health, safety committee. April, 82-83.
Peace Corps needs volunteers. Jan., 76.
Underwriters' Laboratories--New appointments at UL (Personals). June, 39.

ATOMIC POWER
Nuclear fuel fabrication standard published. Feb., 10.
Nuclear safety facility in operation at Oak Ridge National Laboratory. May, 97.

AUDIO-VISUAL AIDS, see EXHIBITS, FILMS, POSTERS, SAFETY STUNTS

AWARDS
FAA announced winners in aviation mechanics safety awards (Wire from Washington). Jan., 84.
For each hundred, they earned a cake (Ideas that worked). April, 43.
Ford's Oakville plant takes top NFPA award. Mar., 125.
How to use stamps as an incentive (Arns). April, 34-36, 76-77.
Injury-free work wins scholarships. April, 37, 85.
Safe year means Christmas party for workers' kids. Feb., 58.
Wear protective equipment and "win a fin" (Ideas that worked). Jan., 37.

AWARDS - NATIONAL SAFETY COUNCIL
Announcing the 1964 National Safety Council Metropolitan Life awards for research in accident prevention. Mar., 23.
Cameron Award to Mining Section. March, 43, 82.

AWARDS (cont.)
Distinguished service. Winners of National Safety Council awards for outstanding records. Jan., 77; June, 75.
Dow award nominations invited. Jan., 14.
How to produce an "award of honor day." June, 74.
The president's medal. Awards made by the National Safety Council for successful application of artificial respiration. Feb., 92.

Beede, L. I.
The day they sold all the hard hats in Anchorage. June, 28-29.

Belknap, Robert G.
Off the job. Planning safety programs for your plant and community. Jan., 39; Feb., 83; Mar., 42; Apr., 33; May, 73; June, 76-77.

BELTS - SAFETY - MOTOR VEHICLE
Impact: feature that appeared in CF&I Blast. June, 30.
New club promotes belts while aiding crash research. Jan., 78-79.
Payroll deductions buy belts. May, 28.
People stoppers, (photographs). March, 35.
Seat belts are standard...use them the right way (Haeusler). March, 48-49, 141-142.
Senate passed HR 134 for federal safety standards for seat belts sold in interstate commerce (Wire from Washington). Jan., 83.

BIBLIOGRAPHIES
Safety product data and references: product codes, standards, and references, a selection of the literature of such publications. March, 301-310.

BILLBOARDS
Congress cancelled out $2 million proposed for grants to states for control of outdoor advertising (News from Capitol Hill). March, 15.

BOOK REVIEWS*
Fire hazards of the plastics manufacturing and fabrication industries. National Board of Fire Underwriters. Jan., 86.
Firefighting strategy and leadership. Charles V. Walsh. March, 136-137.
Handling and storage of liquid propellants. Office of the Director of Defense Research and Engineering. Jan., 86.
Industrial housekeeping. Edwin B. Feldman. May, 64.
Industrial hygiene and toxicology. Jan., 86-87.
MCA announces two new safety guides: SG-15, and SG-16. Manufacturing Chemists' Association. Feb., 60, 63.
National electrical code handbook. Arthur L. Abbott and Frank Stetka. Feb., 60.
Occupational health services for employees. Margaret F. McKiever and Gordon S. Siegel. Feb., 63-64.
(*These items are from The Safety Library pages.)

BURNS - TREATMENT
Cold water for burns--reader likes it best (Voice of the reader). Feb., 4.

CARBON MONOXIDE
Your compressed air: fit to breathe? (Venable and Polick). April, 28-32.

CARTOONS
Bert. Apr., 84.

CEMENT INDUSTRY
Showmanship sells safety, Portland Cement uses western theme. June, 70-71.

CHAINS AND SLINGS
Safe use of manila rope slings. Data sheet 259 revised. Feb., 36-37.

CHEMICAL INDUSTRY
Chemical industry injury-frequency rate down in 1963. April, 81-82.
Scale up the process, scale down hazards (Spence). Feb., 40-45.

CHEMICALS
Multivalue toxicity tables? (Rowe). April, 78-80.
Pentachlorophenol data (Voice of the reader). Jan., 4.
Trichloroethylene. Data sheet 389, revised. Jan., 56-58.

CLEAN-UP CAMPAIGNS
Plan spring clean-up program now (Off the job). Jan., 39-40.

CLOTHING
Patches save knees (Karlen). April, 44-47, 58.

CLOTHING - HATS
Are baseball-type hard hats substandard? (Voice of the reader). March, 10.
Do you have equipment problems? (Smith). March, 126, 127-128, 130.
Sometimes you just can't win. April, 80.
Wear protective equipment and "win a fin" (Ideas that worked). Jan., 37.

CLOTHING - SHOES
The case for metatarsal protection (Jaynes). June, 18-19, 78-79.
How do you measure the height of women's heels? (Consultation corner). Jan., 18.
Safety standard Z41 on protective footwear, being revised. June, 80.
Which metatarsal protection should you choose (Hopkins). June, 20-23, 80.

CLUBS - KANGAROO CLUB
New club promotes belts while aiding crash research. Jan., 78-79.

COLLEGES AND UNIVERSITIES
Graduate grants-in-aid available from NYU. Feb., 91.

COMMUNICATIONS
When news is bad (The safety valve). May, 34.

COMPRESSED AIR
Cleaning machinery and electric motors. Data sheet 285. Revised. April, 48-49.
Your compressed air: fit to breathe? (Venable and Polick). April, 28-32.

Compton, Richard M.
Find the extinguisher. March, 55, 96-98.

CONFERENCES
Coming events. Monthly department.
Housekeeping seminars set for spring. Feb., 67.

CONSTRUCTION
He needs a net (Sharp). March, 38-40, 143.
Workmen/material hoists: a Chicago paradox (Hopkins and Farrell). June, 24-26, 58, 72.

CONSULTATION
Consultation corner. (Smith). Jan., 18; Feb., 8; Mar., 94, 126; Apr., 16; May, 59; June, 33.

CONTESTS
NSC industrial section contest winners. May, 86-95.
Scrap processors annual safety contest under way. June, 14.
"The unsafe act." June, 36.
Willson announces "name your need" contest results. June, 63-64.

CORRECTIONS
Correction on safe loads for locomotive or mobile cranes (Consultation corner). Feb., 8.
Data sheet, Electrical Switching Practices, March 1964, News: number should be 544, (not 543). April, 86.
We should have said: dollars, not people (The voice of the reader). May, 10.
Titles of the two articles, (What's new in research) should be transposed. April, 41.

COSTS OF ACCIDENTS
The dollar cost of injuries? (Schlueter). May, 29-31, 81.
Full employment (Gidel). Feb., 17.
1963 accident report. March, 46.

CRANES
Correction on safe loads for locomotive or mobile cranes (Consultation corner). Feb., 8.
Crane guards needed (Consultation corner). May, 59-60.

Crosby, John B.
Explosions can be prevented. March, 56-59, 84.

DATA SHEETS
Cleaning machinery and electric motors. 285, revised. April, 48-50, 87-88.
Electrical switching practices. 544 (not 543). March, 63-66, 68, 70, 72.
Kitchen machines. 545. May, 41-42, 44, 46, 48, 50.
Maintenance of electric motors for hazardous locations. 546. June, 42-44, 46.
Safe use of manila rope slings. 259, revised. Feb., 36-37.
Trichloroethylene. 389, revised. Jan., 56-58.

DIARY
Diary of a safety engineer (fiction) (Andrews). Jan., 29-30; Feb., none; Mar., 28, 30, 32; Apr., 19-20; May, 35, 76-77; June, none.

DISASTERS
The day they sold all the hard hats in Anchorage (Beede). June, 28-29.

DOGS
Dog bites caused some 8 per cent injuries to federal employees in 1962 (Wire from Washington). Jan., 85.

DRIVERS AND DRIVING
Study by Dr. Alfred Lawton "Accidents and aging" discusses the older driver (Wire from Washington). Jan., 83-84.

DUST
They beat dermatitis and dust. March, 50-54.
Explosions can be prevented (Crosby). March, 56-59, 84.

EARTHQUAKES
The day they sold all the hard hats in Anchorage (Beede). June, 28-29.

ELECTRICAL EQUIPMENT
Cleaning machinery and electric motors. Data sheet 285, revised. April, 48-50, 87-88.
Electrical switching practices. Data sheet 544 (not 543). March, 63-66, 68, 70, 72.
Explosions can be prevented (Crosby). March, 56-59, 84.
Guarding automatic equipment: a case history (Frank). Feb., 26-31.
Impact: feature from General Motors World, showing fuse box "finds." June, 32.
Insure safe use of home electricity (Off the job). June, 76-77.
Kitchen machines. Data sheet 545. May, 41-42, 44, 46, 48, 50.
Maintenance of electric motors for hazardous locations. Data sheet 546. June, 42-44, 46.

ELECTRIC SHOCK, EFFECTS OF
Insure safe use of home electricity (Off the job). June, 77.

EMPLOYEES - PUBLICATIONS
Convincing the unconvinced. May, 38-39, 98.
Impact: features that appeared in company publications. June, 30-32.

EMPLOYEES - WORKING ALONE
Why can't he work alone? (Volz). April, 24-25.

EMPLOYMENT
If we got too practical (The safety valve). June, 12.

ENGINEERS - SAFETY
Convincing the unconvinced. May, 38-39, 98.
Engineering degrees in safety (Consultation corner). March, 94.
GM salutes its safety men. April, 27.

ENTERTAINMENT
Safe year means Christmas party for workers' kids. Feb., 58.

Eugene, Donald W.
Coatings combat maintenance problems. March, 62, 149-151.

EXHIBITS
"Ouch!" Bear trap display (Ideas that worked). June, 41.
Plan vacation safety program now (Off the job) (Road signs and photos used in plant exhibit). March, 42, 106.

EXPLOSION PROOF EQUIPMENT
Explosions can be prevented (Crosby). March, 56-59, 84.
Maintenance of electric motors for hazardous locations. Data sheet 546. June, 42-44, 46.

FALLS - PERSONS
Impact: feature from Illinois Bell News on women's shoes and falls. June, 31.
Personal accidents to elderly chiefly from falls, reports PHS (Wire from Washington). Jan., 85.

FARM WORKER TRANSPORTATION
The prevention of transportation accidents to farmworkers proceeds on the principle of drag, not responsible initiative (Wire from Washington). June, 56.

Farrell, Robert M. and Hopkins, Stuart K.
Workmen/material hoists: a Chicago paradox. June, 24-26, 58, 72.

FATIGUE
Fast pace helps counteract sleep loss (What's new in research). March, 78, 80.

FIBERGLAS
Do you have equipment problems? (Smith). (Use of fiberglas for safety shoes). March, 126.
Taming high-speed grinding wheels. March, 35-37.

FILMS
Film Council honors NSC productions: For Experts Only, and People Are the Puzzle. Jan., 76.
Occupational film contest winners announced. June, 68.
Occupational films enter national contest. May, 82-85.
Safety product data and references: equipment films. March, 291-300.

FIRE PROTECTION
Ansul announces 1964 fire school sessions. Feb., 6.
Ford's Oakville plant takes top NFPA award. March, 125.
1963 accident report. March, 46.
Rack simplifies hose test (Ideas that worked). Feb., 38.
Review indicates need for combustion product research (What's new in research). March, 80.

FIRE PROTECTION - EXTINGUISHERS
Do you have equipment problems? (Smith). (Federal requirements for testing). March, 127.
Dry versus wet extinguishers (Voice of the reader). Jan., 6.
Find the extinguisher (Compton). March, 55, 96-98.
Quenching glove box fires. Feb., 46-48.
Use of high-expansion foam (Consultation corner). March, 94.

FIRST AID
Cold water for burns--reader likes it best (Voice of the reader). Feb., 4.
Know this symbol (emergency medical identification). Jan., 27-28.

Fish, Carman
The safety valve. Jan., 16; Feb., 12; Mar., 73; Apr., 7; May, 34; June, 12.

FLAMMABLE LIQUIDS
Explosions can be prevented (Crosby). March, 56-59, 84.

FOOD INDUSTRY
A "blooming good year..." (Ideas that worked). March, 60.
The hazards of high pressure water jets (Consultation corner). Feb., 8.

FOOD SERVICE ESTABLISHMENTS
Kitchen machines. Data sheet 545. May, 41, 42, 44, 46, 48, 50.

FOREIGN COUNTRIES
South American seeks readers' help (Voice of the reader). Mar., 10.
Tribute from Japan--Gamo Toshibumi, president of the Japan Safety Institute (The safety valve). May, 34.
Who needs safety standards? (Trice). Jan., 34-35, 65-66, 69, 74-76.

Frank, G. A.
Guarding automatic equipment: a case history. Feb., 26-31.

GARAGES
Emergency towing of accidentally wrecked or disabled vehicles exempt from part II of Interstate Commerce Act (Wire from Washington). Jan., 84.

GASES
Review indicates need for combustion product research (What's new in research). March, 80.
See also CARBON MONOXIDE

Gidel, Robert D.
Full employment. Feb., 17.

GOGGLES
Do you have equipment problems? (Smith). March, 128, 130-135.
In-plant demonstration shows need for eye protection (Ideas that worked). Jan., 37.

GOGGLES (cont.)
In praise of fanatics (The safety valve). April, 7.
Lens impact strength reduced (Consultation corner). May, 60, 62.
Safety specs save worker's eye in home accident (Off the job). Jan., 39.

GRADE CROSSINGS
ICC instituted rule-making proceeding to broaden requirements for stopping certain vehicles at grade crossings (Wire from Washington). June, 37.
Recommend temporary commission to study rail-highway grade crossings (Wire from Washington). May, 79.

GRINDING WHEELS
Guard protects worker and wheel (Ideas that worked). May, 36.
New grinding wheel safety code issued. May, 98.
Taming high-speed grinding wheels. March, 35-37.

GUARDS
Guarding automatic equipment: a case history (Frank). Feb., 26-31.

Haeusler, Roy
Seat belts are standard---use them the right way. March, 48-49, 141-142.

HEALTH
Fast pace helps counteract sleep loss (What's new in research). March, 78, 80.
Getting off tobacco road (The safety valve). March, 73.
Job type vs. incidence of coronaries: no relationship (What new in research). May, 75.
NAM forms health, safety committee. April, 82-83.
Want to live longer? (The safety valve). June, 12.

HEALTH HAZARDS
Multivalue toxicity tables? (Rowe). April, 78-80.
They beat dermatitis and dust. March, 50-54.

HEARING
Are your audiograms obsolete? (Radcliffe). March, 108, 110, 112, 114-116, 118. (This article is chiefly the reproduction of Engineering Series Bulletin No. 5, on the proposed international audiometric zero).
Protection against occupational hearing loss (Consultation corner). April, 16.

HOISTS
ASA completes requirements for workmen's hoists. Jan., 90.
Workmen/material hoists: a Chicago paradox (Hopkins and Farrell). June, 24-26, 58, 72.
See also CRANES; WINCHES

HOLIDAYS
Safe year means Christmas party for workers' kids. Feb., 58.

HOME SAFETY
Insure safe use of home electricity (Off the job). June, 76-77.
1963 accident report. March, 46.
Personal accidents to elderly chiefly from falls, reports PHS (Wire from Washington). Jan., 85.
Recommend reverse cut in appropriations for research and home injury program of Public Health Service (Wire from Washington). May, 32, 80.

Hopkins, Stuart K.
Which metatarsal protection should you choose? June, 20-23, 80.

Hopkins, Stuart K. and Farrell, Robert M.
Workmen/material hoists: a Chicago paradox. June, 24-26, 58, 72.

HOUSEKEEPING
Housekeeping seminars set for spring. Feb., 67.
They beat dermatitis and dust. March, 50-54.

IDEAS
Ideas that worked. Devices and ideas to help your safety program (Kelly). Jan., 36; Feb., 38; Mar., 60; Apr., 42; May, 36; June, 40-41.

INDUSTRIAL HYGIENE
Your industrial hygiene program, a money-saving morale builder. Jan., 20, 22-25.

INSECTICIDES
Bill S1605 to amend the Federal Insecticide, Fungicide and Rodenticide Act passed (Wire from Washington). June, 37.

Jaynes, Phil
The case for metatarsal protection. June, 18-19, 78-79.

JETS
The hazards of high pressure water jets (Consultation corner). Feb., 8.

Karlen, T. N.
Patches save knees. April, 44-47, 58.

Kelly, Arthur S.
Ideas that worked. Devices and ideas to help your safety program. Jan., 36; Feb., 38; Mar., 60; Apr., 42; May, 36; June, 40-41.

KENNEDY, JOHN F., PRESIDENT OF THE U.S.A.
"In the midst of life..." (The safety valve). Jan., 16. (Editorial comments on the assassination of President Kennedy.)

KITCHEN MACHINES
Kitchen machines. Data sheet 545. May, 41-42, 44, 46, 48, 50.

LABORATORIES
Nuclear safety facility in operation at Oak Ridge National Laboratory. May, 97.
Quenching glove box fires. Feb., 46-48.
Scale up the process, scale down hazards (Spence). Feb., 40-45.

LADDERS
How do you keep it from slippin'? (The voice of the reader). May, 10.
Ladder base supports safety spikes (Ideas that worked). March, 61.

LETTERS
Voice of the reader. Jan., 4, 6; Feb., 4; Mar., 10; May, 10.

LUBRICATION
How to lubricate wire rope. March, 44-45.

MACHINE SHOPS
Lathe won't run unless wrench cradled (Ideas that worked). April, 42.

MACHINES
Cleaning machinery and electric motors. Data sheet 285, revised. April, 48-50, 87-88.
Guarding automatic equipment: a case history (Frank). Feb., 26-31.
Kitchen machines. Data sheet 545. May, 41-42, 44, 46, 48, 50.
Office machinery--safety code. May, 26.

MAINTENANCE
Coatings combat maintenance problems (Eugene). March, 149-151.

Mann, Marty
You're buying the drinks. Feb., 18-20, 22, 24, 85-87.

MANUFACTURING
1963 injury-frequency rate (Wire from Washington). May, 33.

MARINE INDUSTRY
Administration bills to require inspection of craft, and licensing and certificating of personnel (Wire from Washington). Jan., 84.
Case involving injury to a longshoreman, Supreme Court decision (Wire from Washington). May, 79.
Coast Guard issued new regulations (Wire from Washington). Jan., 85.
In praise of fanatics (like Samuel Plimsoll) (The safety valve). April, 7.

MINES
CCTV assumes risk in mine rescue. March, 74, 76.
Coal-mine safety bill reported to extend the applicability of the Federal Coal Mines Safety Act to mines regardless of number of employees (Wire from Washington). Jan., 81-82.
Findings of study "Health and safety study of metal and nonmetal mines" (Wire from Washington). Jan., 82-83.
Injury and death rates in 1963 and 1962 (Wire from Washington). May, 33.

MOTOR VEHICLE INDUSTRY
Ford's Oakville (Ont.) plant takes top NFPA award in fire prevention. March, 125.
GM salutes its safety men. April, 27.
How to produce an "award of honor day." June, 74.
Radio sells precious products. Feb., 32-33, 88-91.

MOTOR VEHICLES
Are your company's cars equipped for safety? March, 86, 88, 90.
ICC warns bus schedules be adjusted to allow for weather factors (Wire from Washington). May, 79.
New standards prescribe vehicle inspection techniques. June, 66.

MOTOR VEHICLES - STATISTICS
Are your company cars equipped for safety? (Motor vehicle injury costs in compensation cases). March, 86.
1963 accident report. March, 46.

NATIONAL SAFETY COUNCIL
Cameron Award presented to Mining Section by Robert H. Ferguson. March, 43, 82.
Dorothy Arns assistant editor for NSNews (Personals). April, 22.
Industrial Conference, 1963-64. Jan., 47.
Industrial Conference plans Walsh-Healey testimony. March, 43.
Key contacts. NSC members listed here have designated these key contacts for handling relations between their organization and the NSC. Jan., 42, 44; Feb., 74.
National Safety Council auditor's report, 1963. May, 40.

NATIONAL SAFETY COUNCIL - PUBLICATIONS
"Fall Safe" series now available on home hazards. Feb., 84.
Four men working on a fifth. March, 43.
Keeping posted. Monthly department.

NATIONAL SAFETY COUNCIL - TRUSTEES
National Safety Council trustees. Jan., 48.
New NSC trustees. June, 27.

NATIONAL SAFETY COUNCIL - SURVEYS
Why can't he work alone? (Volz). April, 24-25.

NETS
He needs a net (Sharp). March, 38-40, 143.

NOISE CONTROL
Protection against occupational hearing loss (Consultation corner). April, 16.

OBITUARIES
Armstrong, Dorothy--Died December 7, 1963. Jan., 43.
Baylor, J. E.--Died December 11, 1963. Feb., 72.
Berry, George H.--Died November 19, 1963. Jan., 43.
Bornoff, Louis H.--Died December 9, 1963. Feb., 72.

OBITUARIES (cont.)
Boyle, John A.--Died November 23, 1963. Jan., 43.
Du Pont, Irenee--Died December 19, 1963. Feb., 12.
Duggan, James J.--Died March 25, 1964. May, 72.
Ralston, Clarence E.--Died February 16, 1964. May, 72.
Schneider, Walter L.--Died April 23, 1964. June, 39.
Stricker, Paul F.--Died November 25, 1963. Jan., 43.

OFF THE JOB
1963 accident report. March, 46.
1963 OTJ summary (Off the job). May, 73.
Off the job. Planning safety programs for your plant and community (Belknap). Jan., 39; Feb., 83; Mar., 42; Apr., 33; May, 73; June, 76-77.
Plan spring clean-up program now (Off the job). Jan., 39, 40.
Plan vacation safety program now (Off the job). March, 42, 106.
Safety specs save worker's eye in home accident (Off the job). Jan., 39.

OFFICE SAFETY
Office machinery--safety code. May, 26.
Safe at the office??? May, 20-25.

OPEN HOUSE
How to produce an "award of honor day." June, 74.

PAINT
Coatings combat maintenance problems (Eugene). March, 62; 149-151.

PULP AND PAPER
Injury-free work wins scholarships. April, 37, 85.
Patches save knees (Karlen). April, 44-47, 58.

PERSONALS
Personals. News of people in safety and related activities. Jan., 41; Feb., 68; Mar., 119; Apr., 22; May, 27; June 38-39. (Most of the items listed below, come from "Personals.")
Borden, Charles W., Jr.--Promoted to VP and chief engineer for Johnson, Drake & Piper. June, 38.
Bortz, Nelson M.--Named director of the Bureau of Labor Standards. June, 38.
Brown, Ralph A.--Dow Chemical announces safety reassignments. March, 122-123.
Cantrell, Charles G.--Cantrell and James H. Walker appointed assistant general superintendents of rules and safety for Missouri Pacific RR. March, 119.
Casey, Joyce--Injury-free work wins scholarships. April, 37.
Colangelo, Dorothy--Injury-free work wins scholarships. April, 37.
Collins, Roy D.--Safety and health managerial changes st Employers Mutuals. May, 27.
Dewey, Byron N.--Safety and health managerial changes at Employers Mutuals. May, 27.

PERSONALS (cont.)

Doughty, Jack E.--Canal Zone has new safety director. March, 120.
Echols, Eugene E.--Given additional safety assignment at naval base. March, 124.
Echols, Melvin M.--Wabash Railroad names Echols safety head. March, 122.
Eckert, Willford--Named acting head of firemanship training at University of Illinois. Jan., 42.
Eller, Roy W.--Dow Chemical announces safety reassignments. March, 123.
Elsby, Charles H.--Named to new post at Employers Mutuals of Wausau. April, 22; May, 27.
Fetters, Joseph I.--Named Nashville fire department consultant. Jan., 42.
Gagliardi, Dominick V.--Dow Chemical announces safety reassignments. March, 122-123.
Gregg, Lauren W.--Promoted to plant general manager at Falstaff's Omaha Brewery. Mar., 120.
Hahney, La Verne C.--Retired as safety manager for Elgin & Eastern Railway Company. March, 120.
Hammitt, O. R.--Named superintendent of San Francisco Terminal Division of the ATSF Railway. March, 122.
Heath, L. P.--Named railway superintendent of safety system for the Atchison, Topeka and Santa Fe Railway System. March, 122.
Hebert, Carrol--Ethyl Corporation supervisor of safety, retires. April, 22.
Heimann, Harry--Appointed chief of the Public Health Services Division of Occupational Health. Jan., 41.
Hickey, Harry D.--Appointed safety engineer at Bethlehem Steel. Jan., 42.
Hobbs, Earl--Retired from Missouri Pacific R.R. March, 119.
Hopkins, Harry A.--Missouri Pacific R. R. has new safety superintendent. March, 119.
Johnson, D. E.--Named safety superintendent for Kansas City Southern Lines. May, 27.
Libby, Dennis--Injury-free work wins scholarships. April, 37.
Little, Robert P.--Named safety manager for Elgin, & Eastern Railway Co. March, 120.
Lowe, O. Earl--Heads Cleveland Safety Council. Feb., 68.
Lyman, Frank L.--Appointed medical director at Geigy Chemical Corporation. May, 27.
Mateer, Donald D.--Appointed safety director for Jones & Laughlin Steel Corporation. June, 38.
Meiter, Edward G.--Meiter retires from Employers Mutuals. April, 22.
Mendendez, Joseph A.--Assumes new post at Falstaff as manager of personnel services. March, 119.
Mickel, Charles W.--Appointed Soule Steel safety manager. March, 119.
Motley, Arthur W.--Retired from Bureau of Labor Standards. June, 38-39.
Owens, D. K.--Promoted by Kansas City Southern Lines. May, 27.
Paoletti, Donna--Injury-free work wins scholarships. April, 37.
Schlueter, Clyde F.--Named to new post at Employers Mutuals of Wausau. April, 22.
--Named to ASA's board of directors. Feb., 68.
Schowalter, Edward J.--New president of the Industrial Medical Association, Chicago. June, 38.

PERSONAL (cont.)
Scutt, Arthur G.--Named chairman safety and standards committee for Diamond Wheel Manufacturers Institute. June, 39.
Skaggs, E. M.--Named to Motorola safety position. Feb., 68.
Snyder, Howard W.--Dow Chemical announces safety reassignments. March, 122-123.
Steele, Kenneth L.--Named Mine Safety Appliances Company safety director. Jan., 41.
Stipek, William E.--Named Thew-Lorain safety supervisor. June, 39.
Swift, Staunton--Appointed safety engineer at Industrial Underwriters Insurance Co. May, 27.
Thorpe, William M.--Appointed works safety administrator for J & L. June, 38.
Van Atta, Floyd A.--Labor aide named to federal post. Jan., 41.
Vaughan, Donald G.--Elected Fellow of the American Society of Safety Engineers. Feb., 68, 70, 72.
Walker, James H.--Walker and Earl Hobbs appointed assistant general superintendents of rules and safety for Missouri Pacific RR. March, 119.
Williams, Richard T.--Westinghouse names Williams to accident prevention post. May, 27.
Williams, Walter D.--Appointed safety supervisor of Indiana Harbor Works, East Chicago, Indiana. Jan., 41.
Wolfsie, Jack H.--U. S. Rubber appoints corporate medical director. June, 38.
Woodward, E. Clark--Elected Fellow of the American Society of Safety Engineers. Feb., 68, 70, 72.
York, Russell W.--Injury-free work wins scholarships (plan suggested by safety supervisor, paper mill). April, 85.

PETROLEUM INDUSTRY
Pumping air into a crude oil pipe line--how safe? (Consultation corner). June, 33.

PHOTOGRAPHS
Safety man's nightmare. Jan., 45-46.

Planek, Thomas W.
What's new in research. Mar., 47, 78; Apr., 41; May, 74.

Polick, E. D. and Venable, F. S.
Your compressed air: fit to breathe? April, 28-32.

POSTERS
Birds Eye bird poster can carry any message (Ideas that worked). Jan., 36.
Keeping posted. Monthly department.
Posters found effective in British study (What's new in research). March, 47, 78.
Sometimes you just can't win. April, 80.

PUBLIC RELATIONS
Radio sells precious product. Feb., 32-33, 88-91.

Radcliffe, J. C.
Are your audiograms obsolete? March, 108, 110, 112, 114-116, 118. (This article is chiefly the reproduction of Engineering Series Bulletin no. 5, on the proposed international audiometric zero.)

RADIATION
AEC and contractor employees had safest year in 1963. May, 96.
House passed HR 10437 to incorporate the National Committee on Radiation Protection and Measurement (Wire from Washington). June, 37.
Quenching glove box fires. Feb., 46-48.
Radiation, health standards issued under Walsh-Healey Act. March, 93.

RADIO AND TELEVISION
CCTV assumes risk in mine rescue. March, 74-76.
Radio sells precious products. Feb., 32-33, 88-91.

RAILROADS
Congress established an Arbitration Board, PL 88-108, to avoid nationwide railroad strike (Wire from Washington). Jan., 80-81.
Handle permits safe placement of wedge (Ideas that worked). March, 61.
In praise of fanatics (like Lorenzo Coffin) (The safety valve). April, 7.
Safety regulations for motor cars given hearings (Wire from Washington). May, 33.
Warning device sounds when train nears (Ideas that worked). June, 40.

RESEARCH
Fast pace helps counteract sleep loss (What's new in research). March, 78, 80.
Posters found effective in British study (What's new in research). March, 47, 78.
Quenching glove box fires Feb., 46-48.
Review indicates need for combustion product research (What's new in research). March, 80.
What's new in research (Planek). Mar., 47, 78; Apr., 41; May, 74.

RESINS
Coatings combat maintenance problems (Eugene). March, 149-151.

RESPIRATORS
What should be hose length for supplied-air respirators? (Consultation corner). June, 33.

RESTAURANTS
Kitchen machines. Data sheet 545. May, 41-42, 44, 46, 48, 50.

ROPE
Do you have equipment problems? (Smith). (Rope for lifelines). March, 133.
How to lubricate wire rope. March, 44-45.
Safe use of manila rope slings. Data sheet 259 revised. Feb., 36-37.

Rosenfield, Harry N.
Wire from Washington. Jan., 80; Feb., 76; Mar., 41; Apr., 70; May, 32; June, 37, 56.

Rowe, V. K.
Multivalue toxicity tables? April, 78-80.

SAFETY ENGINEERS, see ENGINEERS - SAFETY

SAFETY EQUIPMENT
Do you have equipment problems? (Smith). (Questions most often referred to NSC's consultation expert, with answers to same). March, 131-132, 134-135.
Safety product data and references. March, 153-328.
Willson announces "name your need" contest results. June, 63-64.
See also CLOTHING; GOGGLES

SAFETY LIBRARY
The safety library, reviews of books, pamphlets, and periodical articles of interest to safety men (Zearing). Monthly department.

A "blooming good year..." (Ideas that worked) (Flower seeds to plant employees to dramatize safety record). March, 60.
Don't be backward with safety (Ideas that worked). May, 37.
Make safety a steady diet! (Ideas that worked). April, 43.
Showmanship sells safety, Portland Cement uses western theme. June, 70-71.
Teach them to swim before vacation time (Miss Water Safety promotion) (Off the job). Feb., 83-84.
"The unsafe act." June, 36.

SAFETY VALVE
Safety valve (Fish). Jan., 16; Feb., 12; Mar., 73; Apr., 7; May, 34; June, 12.

Schlueter, Clyde F.
The dollar cost of injuries? May, 29-31, 81.

SELLING SAFETY
In praise of fanatics (like Samuel Plimsoll, Lorenzo Coffin, and Harry Guilbert) (The safety valve). April, 7.

Sharpe, J. E.
He needs a net. March, 38-40, 143.

SHOE INDUSTRY
They beat dermatitis and dust. March, 50-54.

Smith, L. S.
Consultation corner. Jan., 18; Feb., 8; Mar., 94; 126; Apr., 16; May, 59; June, 33.
Do you have equipment problems? (Questions most often referred to NSC's consultation expert, and answers to same.) March, 131-132, 134-135.
STEP--Self Teaching Education Program. April, 38-40, 86.

SMOKING
Cigarette lighters exempted from labeling requirements of Federal Hazardous Substances (Wire from Washington). Jan., 85.
Getting off tobacco road (The safety valve). March, 73.

SOLVENTS
Cleaning machinery and electric motors. Data sheet 285. Revised. April, 48-50, 87-88.
Explosions can be prevented (Crosby). March, 56-59, 84.

Spence, S. F.
Scale up the process, scale down hazards. Feb., 40-45.

SPORTS
Danger for duffers. March, 106.
Only two crossed the river. June, 76.
Plan safe boating program now (Off the job). April, 33, 60.
Teach them to swim before vacation time (Off the job). Feb., 83-84.

STAMPS
How to use stamps as an incentive (Arns). April, 34-36, 76-77.

STANDARDS
Are your audiograms obsolete? (Radcliffe). March, 108, 110, 112, 114-116, 118. (This article is chiefly the reproduction of Engineering Series Bulletin No. 5, on the proposed international audiometric zero.)
Who needs safety standards? (Trice). Jan., 34-35, 65-66, 69, 74-76.

STANDARDS - AMERICAN STANDARDS ASSOCIATION
ASA completes requirements for workmen's hoists. Jan., 90.
New standards prescribe vehicle inspection techniques. June, 66.
Nuclear fuel fabrication standard published. Feb., 10.
Safety standard Z41 on protective footwear, being revised. June, 80.
Who needs safety standards? (Trice). Jan., 34-35, 65-66, 69, 74-76.
Workmen/material hoists: a Chicago paradox (Hopkins and Farrell). June, 24-26, 58, 72.

STEAM CLEANING
Cleaning machinery and electric motors. Data sheet 285. Revised. April, 48-49.

SWITCHES
Electrical switching practices. Data sheet 544 (not 543). March, 63-66, 68, 70, 72.

SYMBOLS
Know this symbol (emergency medical identification). Jan., 27-28.

TOOLS
Foam keeps clipped ends from flying (Ideas that worked). May, 37.
Insure safe use of home electricity (Off the job). June, 76.
Safety retainer for air tools (Consultation corner). April, 16.
Spray can puncture hazard minimized (Ideas that worked). June, 41.

TRAFFIC
Green hazards (The safety valve). May, 34.
Plan vacation safety program now (Off the job). March, 42, 106.
Secretary of Commerce directed to undertake an "intensive traffic safety campaign" (Wire from Washington). May, 33, 78.
